### **Camp A Cappella 08**

A 2-day music camp that will work with a cappella singers new and current to 'transpose' them from the stoic choral singer to an enlivened singer, full of inspiration, commitment and confidence who will bring that energy back to school choirs and more!

This camp will serve to help all singers, choral or not to appreciate pop and jazz a cappella in a whole new way. We aim to showcase to singers the differences and more importantly the similarities in singing techniques in a cappella versus choral performance. This camp will also touch on the wide array of skill sets unique to a cappella singing & performance.
