1st International A Cappella Festival

Germany's latest A Cappella stars, vocal dente, winners of prestigious awards and competitions in Europe (Ward Swingle Awards) and the USA (Harmony Sweepstakes) are coming to Singapore for two exclusive nights of their worldwide hit-programme "Let's Misbehave". Join them for an intimate, acoustic performance at The Arts House. With a rich and varied repertoire covering more than 80 years, they entertain and delight their audience with songs and pieces from the Comedian Harmonists to rock 'n' roll and ABBA, from the big 80s hits to the latest pop, always presented in the gloriously elaborate sound of five professionally educated voices. Their vocal imitations of rhythm and instruments, their self-written arrangements and the humourous entertainment sections complete the presentation, enlivened by self-ironic spoken interludes and sweeping dance choreographies. And the five young singers don't even need a microphone for this. They reproduce the charm of the roaring twenties, the drive of the sixties and the modern radio sound without amplifiers. You have to hear it to believe it.

The 1st International A Cappella Festival is rounded off with two evenings with Singapore's own top A Cappella groups, Asian night featuring Juz B and nanu, Jazz night featuring Key Elements.
